

PROUDLY SUPPORTING NATIONAL NIGHT OUT

Nintendo's mission is to put smiles on the faces of everyone we touch.

We do so by creating new surprises for people across the world to enjoy together. We've forged our own path since 1889, when we began making hanafuda playing cards in Kyoto, Japan. Today, we're fortunate to be able to share our characters, ideas and worlds through the medium of video games and the entertainment industry.

Nintendo Co., Ltd., headquartered in Kyoto, Japan, has created franchises that have become household names worldwide, including Mario™, Donkey Kong™, The Legend of Zelda™, Metroid™, Pokémon™, Animal Crossing™, Pikmin™ and Splatoon™, through its integrated hardware and software products.

Nintendo aims to deliver unique, intuitive entertainment experiences for everyone, manufacturing and marketing video game devices such as the Nintendo Switch™ and Nintendo Switch 2 systems, developing and operating applications for smart devices, and collaborating with partners on a range of other entertainment initiatives like visual content and theme parks.

Nintendo has sold more than 5.8 billion video games and over 850 million hardware units globally. From the launch of the Nintendo Entertainment System™ more than 30 years ago, through today and into the future, Nintendo's continuing mission is to create unique entertainment that puts smiles on the faces of people all over the world.

A wholly owned subsidiary, Nintendo of America Inc., based in Redmond, Wash., serves as headquarters for Nintendo's operations in the Americas.
