## Dear National Night Out Coordinator,

The 7-Eleven Cares Foundation, supported by 7-Eleven, Inc., is proud to serve as an official sponsor of National Night Out (NNO). Like you, we believe that fostering relationships that make communities stronger and safer is a key component to building thriving communities.

Our alliance with NNO builds upon the company's long-standing relationship with the law enforcement community. Since, 1995, 7-Eleven, Inc.'s Operation Chill® community outreach program has helped law enforcement officers create positive community connections by awarding a Slurpee® drink coupon to kids they observe performing good deeds or exhibiting positive behavior. Today, the program has grown to reach more than 1,300 law enforcement agencies across the country.

NNO offers an exciting opportunity for 7-Eleven, Inc. to deepen its relationship with the law enforcement community and get to know its neighbors even better. Each year, 7-Eleven®, Speedway® and Stripes® stores support NNO events in select markets across the country. Event support can range from providing Operation Chill Slurpee® drink coupons and product donations to offering an on-site activation with a branded table and tent complete with product giveaways, games and more.

If you are with a law enforcement agency and would like to connect with someone from the 7Impact Team about supporting your NNO event, **please scan the QR code.**

**Thank you** for the work you do to promote police-community partnerships and neighborhood camaraderie. We look forward to working with you.
